EXPERIENCE

Office Practicum

UX Architect, July 2017 to Present - Remote: Augusta, GA

- Drive the long-term vision and strategy for UX across Office Practicum's entire suite of products
- Create and maintain successful relationships with the strategic and development leaders within the company, promoting design thinking at every level of the organization
- Develop and maintain an OP platform design system, to create a consistent, predictable, safety-enhanced experience for our users across all devices
- Work with the software engineers, medical director, and product owners to incrementally update existing products by leveraging both data-driven analysis and in-depth human factor research
- Establish and operate usability testing programs with customers to get feedback and improve the overall user experience
- Work with regulatory and certification authorities to ensure the OP platform meets all meaningful use requirements

Clinical Ink

Senior UX Designer, August 2015 to July 2017 - Horsham, PA

- Created wireframes, user flows, prototypes, and high-fidelity designs
- Maintained user experience standards and best practices
- Created style guidelines across multiple platforms
- Conducted user research and usability testing to gauge the success of new features and discover pain points
- Collaborated effectively with product managers, engineers, and other designers to seamlessly execute product vision
- Mentored and offered feedback to junior level designers

Practising Law Institute

UX Designer, March 2013 to August 2015 - New York, NY

- Created the visual appearance of all new features and enhancements across all products
- Developed wireframes and prototypes to work out complex workflows
- Designed email templates, digital ads and landing pages for all new marketing initiatives
- Improved the user experience on all marketing web sites through research and analytics
- Oversaw all aspects of email deployment from designing, drafting, and development

EDUCATION

Art Institute of California - Los Angeles

Web Design and Interactive Media, June 2010
